Forough S. Ghavami Shirehjini, D.O.

Dr. Ghavami is board certified in neurology, clinical neurophysiology and intraoperative monitoring. She completed her fellowship in intraoperative neurophysiologic monitoring and clinical neurophysiology and has provided remote oversight for NCS since 2014. Dr. Ghavami is a member of the oversight physician practice, Pacific Neuromonitoring Associates, Inc.

Anne M. Guyot, M.D., D.ABPN, D.ABNM

Dr. Guyot is board certified in neurology. She completed her fellowship in neurotrauma and she provided remote oversight for NCS from 2004 to 2013 and returned to NCS in 2017. Dr. Guyot is a member of the oversight physician practice, MidWest Neuromonitoring Associates, PLLC.

Ateeq A. Haseeb, M.D.

Dr. Haseeb is board certified in neurology, clinical neurophysiology and epilepsy. He completed his fellowship in Clinical Neurophysiology and has provided remote oversight for NCS since 2008. Dr. Haseeb is a member of the oversight physician practice, American Neuromonitoring Associates, P.C.

Jonathan M. Johnson, M.D.

Dr. Johnson is board certified in Neurology and Clinical Neurophysiology. He completed his fellowship in Clinical Neurophysiology and has provided remote oversight for NCS since 2010. Dr. Johnson is a member of the oversight physician practice, American Neuromonitoring Associates, P.C.

Reza Kanani, M.D.

Dr. Kanani is board certified in pediatrics and specializes in neurology. He completed his fellowship in clinical neurophysiology and has provided remote oversight for NCS since 2018. Dr. Kanani is a member of the oversight physician practice, Pacific Neuromonitoring Associates, Inc.

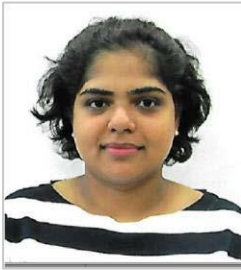

Sonia N. Krish, M.D.

Dr. Krish is board certified in neurology, epilepsy and clinical neurophysiology. She completed her fellowship in clinical neurophysiology and epilepsy. She has provided remote oversight for NCS since 2017. Dr. Krish is a member of the oversight physician practice, MidWest Neuromonitoring Associates, PLLC.

Ikuko Laccheo, M.D.

Dr. Laccheo is board certified in neurology, epilepsy, clinical neurophysiology, neurophysiologic monitoring and epilepsy monitoring. She completed her fellowship in clinical neurophysiology and epilepsy. She has provided remote oversight for NCS since 2015. Dr. Laccheo is a member of the oversight physician practice, American Neuromonitoring Associates, P.C.

Gowri Lakshminarayan, M.D.

Dr. Lakshminarayan is board certified in neurology and clinical neurophysiology. She completed her fellowship in neuromonitoring, clinical neurophysiology and epilepsy. She has provided remote oversight for NCS since 2018. Dr. Lakshminarayan is a member of the oversight physician practice American Neuromonitoring Associates, P.C.

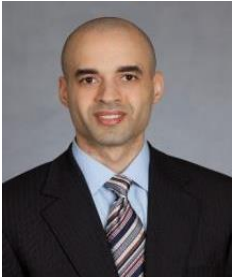

Vijay Maggio, M.D., D.ABNM

Dr. Maggio is board certified in neurology, clinical neurophysiology and neurophysiologic monitoring. She completed her fellowship in epilepsy and clinical neurophysiology, and has provided remote oversight for NCS since 2008. Dr. Maggio is a member of the oversight physician practice, MidWest Neuromonitoring Associates, PLLC.

Shawn L. Masia, M.D.

Dr. Masia is board certified in neurology, clinical neurophysiology and vascular neurology. He completed his fellowship in epilepsy and clinical neurophysiology. Dr. Masia first began intraoperative neuromonitoring in 2004. He is a member of the oversight physician practice, American Neuromonitoring Associates, P.C.

Galen F. Maze-Rothstein, M.D.

Dr. Maze-Rothstein is board certified in neurology. He completed a fellowship in Clinical Neurophysiology and has provided remote oversight for NCS since 2014. Dr. Maze-Rothstein is a member of the oversight physician practice, American Neuromonitoring Associates, P.C.

Frederick Nahm, M.D.

Dr. Nahm is board certified in neurology, and in neuromuscular and electrodiagnostic medicine. He completed his fellowship in clinical neurophysiology and neuromuscular medicine. Dr. Nahm has provided remote oversight for NCS since 2018. He is a member of the oversight physician practice, American Neuromonitoring Associates, P.C.

Ankit Nayyar, M.D.

Dr. Nayyar is board certified in neurology and clinical neurophysiology. He completed his fellowship in Clinical Neurophysiology and has performed intraoperative neuromonitoring since 2015. Dr. Nayyar is a member of the oversight physician practice, Pacific Neuromonitoring Associates, Inc.

Malleeswari Nellore, M.D.

Dr. Nellore is board certified in neurology. She completed a fellowship in clinical neurophysiology and has provided remote oversight for NCS since 2017. Dr. Nellore is a member of the oversight physician practice, American Neuromonitoring Associates, P.C.

Larry W. Ridings, M.D.

Dr. Ridings is board certified in neurology and clinical neurophysiology. He completed his fellowship in neuromuscular medicine and has provided remote oversight for NCS since 2013. Dr. Ridings is a member of the oversight physician practice, American Neuromonitoring Associates, P.C.

Liliana Robles, M.D.

Dr. Robles is board certified in neurology and in clinical neurophysiology. She completed her fellowship in Clinical Neurophysiology and has provided remote oversight for NCS since 2016. Dr. Robles is a member of the oversight physician practice, American Neuromonitoring Associates, PC.

Asfa Shad, D.O.

Dr. Shad is board certified in neurology. She completed her fellowship in clinical neurophysiology and has provided remote oversight for NCS since 2015. Dr. Shad is a member of the oversight physician practice, American Neuromonitoring Associates, PC.

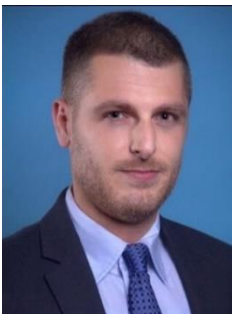

Jason Y. Shen, M.D.

Dr. Shen is board certified in neurology, clinical neurophysiology, vascular neurology, sleep medicine and epilepsy. He completed his fellowship in clinical neurophysiology and has provided remote oversight for NCS since 2015. Dr. Shen is a member of the oversight physician practice, American Neuromonitoring Associates, P.C.

Bassel Shneker, M.D.

Dr. Shneker is board certified in neurology, clinical neurophysiology and epilepsy. He completed his fellowship in clinical neurophysiology and epilepsy and has provided remote oversight for NCS since 2014. Dr. Shneker is a member of the oversight physician practice, American Neuromonitoring Associates, P.C.

Lon Steinberg, M.D.

Dr. Steinberg is board certified in Neurology, Clinical Neurophysiology and Intraoperative Monitoring. He completed his fellowship in Clinical Neurophysiology. He has performed intraoperative neuromonitoring since 2012 and for NCS since 2020. Dr. Steinberg is a member of the oversight physician practice, Pacific Neuromonitoring Associates, Inc.

Evgeny I. Tsimerinov, M.D.

Dr. Tsimerinov is board certified in neurology and clinical neurophysiology. He completed his fellowship in clinical neurophysiology and has provided remote oversight for NCS since 2015. Dr. Tsimerinov is a member of the oversight physician practice, Pacific Neuromonitoring Associates, Inc.

Sherley Valdez-Arroyo, M.D.

Dr. Valdez-Arroyo is board certified in neurology. She completed her fellowship in neuromuscular medicine and has provided remote oversight for NCS since 2017. Dr. Valdez-Arroyo is a member of the oversight physician practice, American Neuromonitoring Associates, PC.

Steven M. Zak, M.D.

Dr. Zak is board certified in neurology and clinical neurophysiology. He completed a fellowship in clinical neurophysiology and has provided remote oversight for NCS since 2011. Dr. Zak is a member of the oversight physician practice, American Neuromonitoring Associates, P.C.
